

A photograph of a classroom where several students are seated at desks, working on laptops. The focus is on a student in the foreground on the right, who is looking at a laptop screen. The screen displays a data visualization with a bar chart and a line graph. Other students are visible in the background, also working on their laptops. The overall atmosphere is one of active learning and technology use in an educational setting.

# Young people learning statistics

Aira Karassaari ja Hanna Littow  
Keminmaan keskus koulu  
Finland

# **Basics of our practice**

- **Math studies: statistic and ICT-skills**
- **Native language studies: different types of text and presentation skills**
- **Statistic research**
- **Digital learning enviroment: G-Suite**
- **Exploratory and inquiry learning**

# The receipt of our practice

- Introduction: the task and the aims
- Working place: Google classroom
- Students choose their topics
- Making the hypothesis
- Making and sending questionnaire

- **Report**

- **Preparing of presentation**

- **Text with strong opinion**

- **Seminar: presentations and diplomas**

- **Feedback from students to teachers**

# Highlights

- Student-centered
- Possibilities to evolve and adapt and differentiate
- Co-operation between teachers
- Versatile assessment
- Finding new perspectives
